Important Predictions from Varshphala **(Ashtak Chakra, Dhundhiraja Padhati, Varsheshwar and Muntha)**

Since the Purva-Bhaga has a remainder while the Uttara-Bhaga does not, you are likely to have a trying period ahead -- more so during the second half of the year. If modifying influence is not present in your chart, then you are likely to face inconveniences owing to blockage of funds or for incurring losses.

In your this year's Varsha-phala chart, the planet Saturn becomes the Varsheshwara.

The Varsheshwara planet is situated in own-sign in your Varsha-phala chart of this year. It is neither combust nor eclipsed. This is a favorable indication, and you will be fortunate in many respects.

In your Varsha-phala chart of this year, the Varsheshwara happens to be Saturn. This year may be somewhat problematic. You may not remain in good health or good mood; you may face a temporary setback in your profession, or you may become unhappy owing to failure or disappointment. Some of your new acquaintances may cause you pain, and it is quite possible that the person may belong to the opposite gender. On the bright side, you may secure a lucrative new employment, or start a new business or workshop. You may come in contact with- and unexpectedly receive an opportunity from some person belonging to a different community or religion, and hailing from or residing in a very distant place. Although you may be required to work harder, your rank and remuneration will increase, and so will be your standard of living.

In your Varsha-phala chart of this year, Muntha falls in the 11th-house. As this is a highly praised position, you will be exceedingly fortunate in certain respect - which makes everyone happy. Your activities will become very brisk, and your earnings will reach an all time high. Whatever you will lay your hands upon will appear to turn into proverbial 'gold'; all your cherished desires will be fulfilled, and some of your ambitions realized. You will receive direct favors from your superiors and gain indirect benefits from government sources also. However, the deteriorating state of health of your mother may cause you some concern.

In your Varsha-phala chart of this year, Muntha-sign falls in Leo - the sign of Sun. The year ahead is favorable for you. You will have success in all your endeavors, and receive favors and benefits from your superiors and authorities. You will be very enthusiastic, and beaming with optimism. The time is ripe for you for developing friendship with persons of rank and position. It is quite possible that you may secure a challenging new employment, or might be elevated to a more prestigious position. Your popularity will increase, and people in general will treat you with respect.

In your Varsha-phala chart of this year, Muntha-sign falls in Cancer - the sign of Moon. Both the sign and its lord are afflicted owing to association- or aspect- of malefic planets. The year ahead is likely to be quite problematic for you. You may not remain in good health and your domestic life may not be at all happy. You may face a temporary setback in profession, or may become aggrieved owing to certain reasons. Married ladies may become unfavorably disposed to you; they might misbehave with you, or use harsh, hard, or even insulting words. You may lose popularity, and your credibility and honor might also be waning.

The lord of the Muntha-sign in your Varsha-phala chart of this year occupies the same sign-position in the Varsha-phala chart as it had held in your Birth-horoscope. This year is
